

JOIFF ACCREDITED TRAINING

=====

“TRAIN AS IF YOUR LIFE DEPENDS ON IT – BECAUSE SOMEDAY, IT MIGHT!”

=====

JOIFF accredited training is within a Competency Based Training framework and involves course content, instruction and the facilities of the training provider/training establishment.

All students who successfully complete a JOIFF accredited course/programme are issued with a JOIFF Certificate of Competence which has its own unique number.

“...confident people tend to be more charismatic, extroverted, and socially skilled– which in most cultures are highly desirable features.in virtually every culture, and especially the Western world, we tend to equate confidence with competence. So we automatically assume that confident people are also more able-skilled or talented.

In reality however, there is a very big difference between confidence and competence. Competent people are generally confident, but confident people are generally not competent. There are just good at hiding their incompetence and their insecurities– mostly because they are self-deceived themselves, so they generally think that they are much better than they actually are.”

TOMAS CHAMORRO-PREMUZIC, From the Harvard Business Review

=====

The following dates have been provided by JOIFF accredited training providers.

If you wish to find out any information or make a booking, please contact the training provider direct, contact email addresses provided.
